PAINTED JACKETS

One of a Kind. Heirloom Accessories

We use premium leather paint for every jacket and accessory to ensure that the design will live on for years to come without fear of cracking or wearing off. We can paint on leather, vegan-leather, denim, canvas, and some synthetic fabrics. We ask that clients provide their own jacket or accessory due to the personal nature of this custom item. Jackets and accessories can be sourced on your behalf for an additional charge. We offer 2 tiers of artwork to choose from:

The Minimalist:

Includes your name or a short phrase in calligraphy, and 1 simple, stylized flower or illustration.

\$150

The Maximalist:

Includes 1 large design on the back of jacket or main part of accessory, full illustrations and text design, and small painted details on other parts of the item.

\$550
